# WEATHER OF CONCERN

## Weather of Concern

### **Northern California**

- Fire Weather Watch from Wednesday evening through Friday morning for portions of the Central Sacramento Valley area.
- Red Flag Warning from Wednesday night through Friday morning for the North Bay mountains and East Bay hills.

### **Southern California**

- Gusty Santa Ana winds will be possible Thursday into the weekend, bringing warmer and drier conditions to most areas.
  - A weak to moderate Santa Ana wind event is still on target in the Thursday through Saturday time range, focused over much of Los Angeles and Ventura Counties.
  - Some uncertainty remains as to how strong the winds will be on Thursday and Saturday. Friday still looks like the peak, gusts in the 35 to 50 mph range are expected.

# Key Points

11/06/18 - 11/12/18

## Tuesday - Wednesday

- Elevated fire weather conditions will continue for areas of Inland and Coastal Regions due to increased north and northeast winds and continued dry humidity conditions.

## Thursday - Friday

- Critical fire weather conditions likely due to gusty winds and low relative humidity. Impacted areas include:
  - The Sacramento Valley, with north winds increasing late in the week
  - Portions of southern California due to a moderate Santa Ana Wind event

## Saturday – Monday

- Winds are generally expected to decrease from their Thursday – Friday peak, but elevated fire weather conditions are still possible, with the state remaining dry

# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

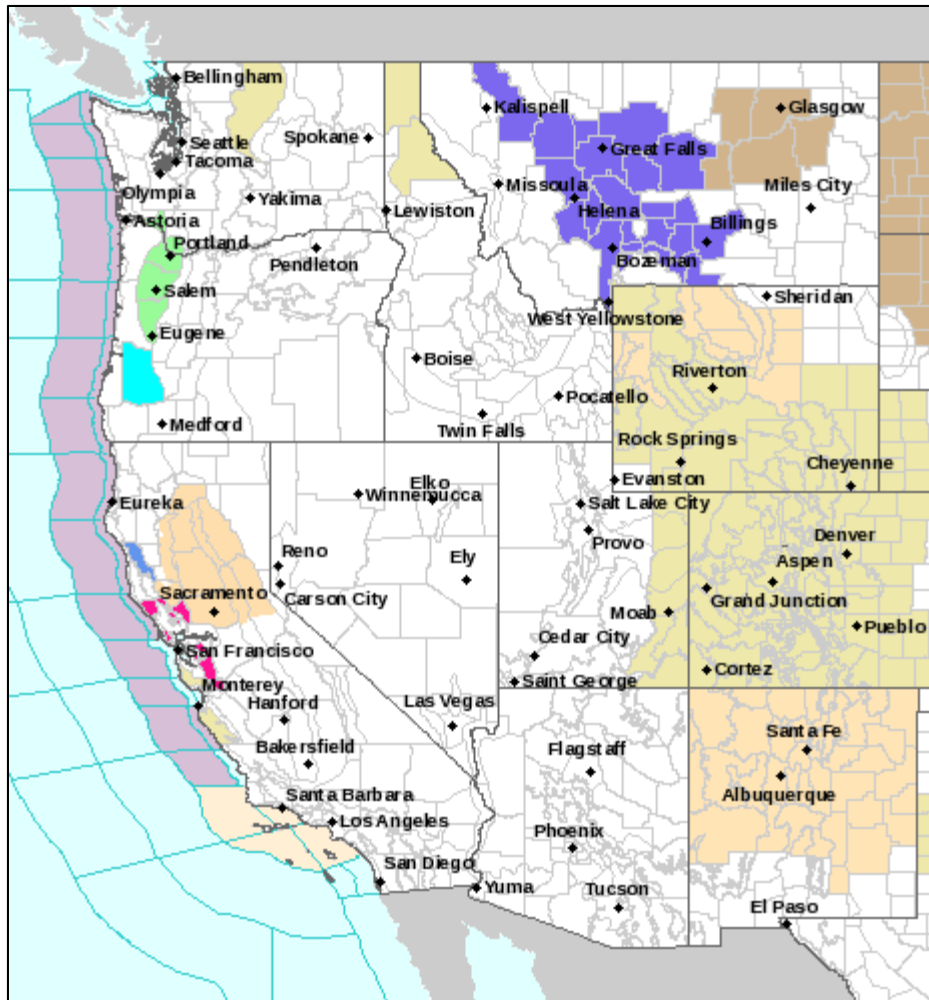

- **\*\*\* High Risk today, again Wed night into early Friday driest with gusty N to NE wind/low RH \*\*\***
- High pressure remains the dominant weather feature next 7 days with a few weather systems occasionally weakening the high as they pass by to the north and east.
- Low Relative Humidity (RH) (VERY low RH some locations) will continue today as gusty northerly winds decrease somewhat during the day.
- Gusty N to NE winds will return late Wednesday and last through Thursday into early Friday. Peak gusts 25-35 mph expected with low daytime RH (6-15%) and poor overnight recovery (8-18%) in some windy areas.
- Combination of mild temperatures/low RH/wind generating High Risk of Significant Fire Potential today in the Sacramento Valley/Foothills, then again throughout Thursday for: Sacramento Valley/Foothills (again), Mid Coast to Mendocino, western slopes of Northern Sierra, and Bay Area.
- Low RH will continue, commonly with daytime single digits and teens and poor to very poor recoveries overnight in our drier inland areas.
- Temperatures will generally be 5-10 degrees above seasonal normals with our warmest inland areas in the mid and upper 70s.
- No rain expected over the next 7 days at this time.

## **SOUTHERN CALIFORNIA**

- A weak ridge of high pressure will remain well off the California Coast through Thursday. This ridge will approach the coast Friday through this weekend and then strengthen and move inland early next week.
- Temperatures will remain near normal through Thursday, with mid 50s to mid 60s across the mountains and 70s to low 80s in the valleys.
- Minimum humidity will be mainly between 15% and 30% away from the coastal areas through Wednesday.
- Temperatures will gradually warm Friday through early next week.
- Minimum humidity will drop into the single digits and teens Thursday through early next week.
- Northeast to east winds of 20 to 30 mph with gusts to 50 mph will surface across the mountains and below the canyons and passes of Southern California Thursday afternoon through Friday afternoon.

# Cal OES LAW ENFORCEMENT MISSIONS

## Ongoing Cal OES Law Missions

- **2018-LAW-52736, 11/05/18, 1600 hours:** The Sacramento Police Department requested a Human Remains Detection HRD canine for a law enforcement sensitive homicide investigation at an undisclosed location in the City of Sacramento. The Cal OES Law Enforcement Branch (LEB) Canine Coordinator is coordinating the request. **Mission Ongoing.**
- **2018-LAW-52710, 11/03/18, 0830 hours:** The Ventura County Behavioral Health Agency experienced an immediate need to temporarily house 41 special needs clients due to the contamination at one of their facilities. The County of Ventura requested to utilize the Ventura California National Guard (CNG) Armory for shelter for a period of 7 days. The California Department of Social Services, California Department of Public Health, CNG, Cal OES, Ventura County Public Health, OES, and EMSA, collaborated to assess and determine appropriate facilities to meet the needs of the clients. After doing so, and exhausting multiple alternatives, the Ventura CNG Armory was deemed suitable. Cal OES Law Branch, in consultation and concurrence with the California Military Department, approved the use of the Ventura CNG armory for a period of 7 days. **Mission Ongoing.**

## Closed Cal OES Law Missions

- **2018-LAW-52716, 11/05/18, 1900 hours:** The International Emergency Response Coordination Center (IERCC) reported a Personal Locator Beacon (PLB) activation (InReach Device) plotting to the San Bernardino County area near Interstate 15 (35.462194N, -115.622091W). The Registered Owner (R/O) reported that his motorcycle was struck in the desert, and that a tow truck would respond on 11/06/2018, however the R/O needed a ride at the time of the PLB activation. IERCC reported that San Bernardino County declined the mission due to lack of an emergency. The Cal OES Law Duty Officer (LDO) provided the information to CHP. CHP Barstow responded a unit, and then transported the R/O to the Nevada/California Stateline. **Mission Closed.**
- **2018-LAW-52680, 11/02/18, 1150 hours:** Yolo County reported a cyber-attack against a county server affecting public safety and requested assistance from the Cal OES Law Enforcement Branch/Cyber-Security Integration Center (LEB/CSIC). A cyber-security incident response team was deployed to Yolo County to mitigate the attack and assist in restoring service. **Update: 11/06/18, 0817 hours: LDO closed mission on 11/05/18. Mission Closed.**
